

# Novaflex 6430

## Connoisseurs Food & Beverage Suction & Discharge Hose

Extremely flexible and lightweight food hose to meet the food processing industries' most demanding applications. Extensively used by breweries worldwide. Constructed with an ultra smooth microbe resistant white EPDM tube built on special stainless steel mandrels for cleanliness and will not impart taste or odour. Ultra flexible for ease of handling.

Complies with REACH, ADI, FDA, USDA, 3-A Sanitary Standards Authorised (#1376), and also Canadian Food Inspection Agency (CFIA) requirements. Resistant to most commonly used CIP solution.

### Construction:

- **Tube:** White EPDM
- **Reinforcement:** Multiple plies of synthetic textile with helix wire
- **Cover:** Red EPDM
- **Length:** 30 metres
- **Temperature Range:** -28°C to +149°C  
(Note: CIP to 130°C maximum for 30 minutes)
